WELCOME TO THE WHATCOM ARTIST STUDIO TOUR

COME SEE WHERE CREATIVITY BEGINS!

CELEBRATING OUR 30TH YEAR, we have **49 artists**, working in **10 different media**, showing throughout Bellingham and Whatcom County.

These diverse artists open their studios to the public for two special weekends at the beginning of October. Meet the artists and get a glimpse into their creative process. Use this helpful guide to plan a route and visit the studios that most intrigue you. It's an ideal time to purchase fine art and craft from its source, whether as a gift or for yourself.

The Whatcom Artist Studio Tour is a FREE juried event offering you the opportunity to meet the region's finest artists in their own creative spaces.

The Tour would not be possible without the support of our local community. We would like to thank all of our advertisers and sponsors for their belief that art is important to keeping Whatcom County vibrant. We encourage everyone to use the services of these locally-owned businesses.

For Artists Interested in Participating in the 2025 Whatcom Artist Studio Tour, applications will be live on our website (www.studiotour.net) beginning February 1, 2025. Applications are due by April 15, 2025.

To advertise in next year's brochure, visit the Sponsor's page at www.studiotour.net/sponsors.

Our funding comes from community business sponsorship and the advertisers you see in our guide and promotional materials. All are dedicated to promoting and supporting the arts. Your continued patronage with them helps us build a strong arts community.

Help us even more by participating in our Tour Survey and maybe even win some art bucks. See page 7 to find out how.

Studios are open to the public from
10am to 5pm * October 5, 6 and 12, 13.

Online visit us at www.StudioTour.net or on Facebook at facebook.com/WhatcomArtistStudioTour OR on Instagram at

Keep This Guidebook!

You will find maps and a directory to the artists in this guide. Hold on to it to contact participating artists throughout the year. During the two weekends of the tour, there is no need to phone ahead – just go and enjoy! Yellow and black signs will guide you to their doors. We have indicated which studios offer demonstrations. Please note that some occur at certain times so that you don't miss out!

Tips for Finding Artists * Maps

At the top left of each artist listing, you'll find a studio number. These numbers correspond to the location numbers on the map at the back of this guidebook (pages 14, 15 & 16). Artists with the same number are exhibiting at the same studio indicated by **SHARED STUDIO**. Studios with demonstrations and wheelchair access are indicated with these icons: **DEMO** and .
